

4-15-18

Well it seems the rain scared a lot of people off from coming to shoot with us today, which is a shame, since other than a few light showers it was a pretty nice day to shoot. And with all the stages under roofs we were nice and dry and comfortable! Nine of us did make it out to the range, but even with a small posse everything ran great and we got done early, before the heavy rain came down in the afternoon. Lassiter was the top overall shooter for the day, and once again there were no Lady shooters today. We had four clean shooters, Blastin Brad, Dirty Chris, Ranch Hand Ron, and Thomas Quigley.

Thanks to everyone for pitching in and keeping things running smoothly with a small posse, and for helping to tear everything down after the match. And thanks to Buck Scott for coming down to help with registration in the morning even though he wasn't able to stay for the match.

Reminder that there is a fifth Sunday this month, so we will be shooting again in a couple weeks on the 29th. Hope to see you then with some nice sunny weather!
