

7-21-19

It definitely felt like the middle of summer at Arkoe Gulch today! Good thing it was our annual Hawaiian shoot, so we had a relaxed dress code and a number of us chose to come shoot in summer attire that made it a bit more bearable. And we shot all the stages under cover, so getting out of the sun was a relief also! We had fourteen shooters for the match today, including a new face at Arkoe Gulch but not new to cowboy shooting, Alabama. Hope you enjoyed shooting with us and make it back again!

Mad Dog Max was the top shooter for the day, and Honey B Quick was the top Lady shooter. Half of the posse was clean for the day, so the stages must have been pretty good! Dirty Chris, Mad Dog Max, Marshall Drill'em, Rifleman Rich, Sidewinder Jer, Stone Creek Drifter, and Thomas Quigley all had clean matches.

We were without our fearless leader, President Boone today, who is having some health issues and will be having surgery, so please keep him in your thoughts, and we hope to see him back shooting soon!

Thanks to everyone for coming out and braving the heat today, and as always a huge thank you to everyone who came out Friday to help set up the range for the match. And I don't want to forget about Sidewinder Jer, who keeps up the range and cuts the grass and makes sure everything is in order. Thanks Jer!

Next match will be August 18<sup>th</sup>, so put it on your calendars, load up your ammo, and we'll hope to see you next month!
