

9-20-15

What a day for a Cowboy match! Cool and pleasant, with plenty of sun and a nice breeze. 32 shooters came out for our official “open house” for the new range, Arkoe Gulch. There were some fun stages today, and new for the match today was a stage 5, Arkoe Cemetery. Top shooter for the day was Dirty Chris with a 117.69, and top Lady for the day was Lady Lopez with a 139.39. Great Job!

After the shooting was done we were all treated to a delicious meal under the tent, brought to us courtesy of Arkoe Outdoors, Doc and Lizzie of Appalachian Bullet Company, and Perkins BBQ and Beans. There was chicken, pulled pork, hotdogs, baked beans and potato salad, and Cookie Sewgoode stayed up all night

making dessert. I know that was some of the best smoked pork I've had, so if you need some BBQ catering, check out Perkins!

Thanks as usual to everyone who helped with the match, writing stages, setup and teardown, registration and scoring, and all the behind the scenes work that goes into putting on a good match.

Col McNalley and Hannah had to leave the match today to see his son who was rushed to the hospital, so please keep them in your prayers and hope for a positive outcome.

We hope to see everyone back next month, and just a reminder that the October match is our Halloween Match, so everyone is welcome to come in a costume, and there's usually some fun Halloween stuff incorporated into the

stages. It's always a fun time! Also, if you are on Facebook and haven't seen the club's new page there, you should go check it out and "like" it to stay up date on news and announcements. Just search for "Scioto Territory Desperados." Happy trails, and we'll see you next month!
